SERVING THE SOUTH BAY SINCE 1944

Event Schedule: There is no meeting of the SBCC for December. Instead we will be having our semi-annual banquet at the Sizzler – 2880 Sepulveda Blvd, Torrance on Dec. 9th.

Coffee Klatch

The SBCC Coffee Klatch gets together every second Wednesday of the month at Klatch Coffee, 306 S. Pacific Coast Hwy (at Torrance Blvd, sort of behind CVS and the seemingly endless road construction), Redondo Beach, CA 90277, from 9 a.m. to about noon, even when the club is dark. We have coffee, pastries, breakfast, etc. All are welcome. Any topics of discussion are welcome. Why, sometimes we even talk about photography.

Tell us what's up

Is your photography exhibited at a show or other venue? Is there a contest going on that you think other club members would like to know about? Please let Don know at sanderdl@att.net to share this information with others.

The Desert Institute at Joshua Tree National Park is conducting two photography workshops that may be of interest to the members of your camera club.

January 5 [Route 66 Photography Workshop](#)

Route 66 through the Mojave Desert provides for great photographic images. During this workshop, you will explore Route 66 from Needles to Amboy, capturing storied abandoned sites, iconic vintage landmarks and sweeping desert landscapes. Join photography instructor Sandi Wheaton, who drove and photographed the entire length of Route 66 in 2009. Sandi has been photographing this stretch of Route 66 for years, and will share her knowledge of the many great shooting locations along this historic stretch of highway. This workshop is an opportunity for you to improve your photography and add to your skill set. Sandi will be offering suggestions for taking advantage of each location.

The workshop will begin in Needles and it will end in Amboy with a sunset shoot. The driving distance is approximately 75 miles from Needles to Amboy.

Date/Time: Saturday, January 5, 9:00 am – sunset
Meet at: BLM Needles Field Office. 1303 S. Highway 95, Needles, CA
Fee: \$85 for JTNPA members, \$95 nonmembers

January 19 [Salton Sea Photography Workshop](#)

The Salton Sea, California's largest lake, was formed by accident in 1905 by an engineering mishap during irrigation of the Imperial Valley. Over time, it has been a hotbed for sports fishing, a recreational area boasting more visitors than Yosemite, and an important wetland for migratory birds. Currently the sea is lined with dead fish and is shrinking fast, and its decaying ruins, plentiful birdlife, intriguing off-the-grid culture, and gorgeous light have made it something of a Mecca for photographers. Sandi Wheaton has been traveling to the Salton Sea annually to document its constantly changing landscape and knows exactly where the great places are for interesting photographs. In this workshop, you will explore the east shores and discover inspiring art sites like Leonard Knight's Salvation Mountain (featured in the movie "Into the Wild") and East Jesus sculpture garden, as well as spend time capturing beautiful natural landscapes and seascapes along the southeast shores of the Salton Sea. Please note that the Salton Sea is constantly changing, and some of the iconic structures that have been popular to photograph are rapidly disappearing – but new great photo locations are revealing themselves as well!

Date/Time: Saturday, January 19, 2020, 9:00 am – sunset
Meet at: North Shore Beach and Yacht Club North Shore, CA
Fee: \$85 for JTNPA/PINE members, \$95 nonmembers
