South Bay Camera Club NEWS & VIEWS

January 2020

www.sbccphoto.org

A great resource!

The South Bay Camera Club is a non-profit social club providing for its members activities involving photography and continuing education in all types of photographic techniques. Regular meetings are held on the 2nd and 4th Monday of each month (unless otherwise noted) at the Zamperini Field (Torrance Airport) Administration Building Meeting Room, 3301 Airport Drive, at 7 P.M.

President: Harry Korn (805) 340-3197 hdkornphotos@gmail.com.

Vice President: Mark Lidikay mlidikay@imagesprophotography.com .

Treasurer: Chuck Greenwood (310) 215-0396, musicachuck@sbcglobal.net

Secretary: Mike Calabrese (310) 947-2896, mjc.1944@hotmail.com.

News & Views Editor: Don Sandersfeld (310) 683-9275, sanderdl@att.net

Mailing address: South Bay Camera Club, P.O. Box 1213, Torrance, CA, 90505.

Web site: www.sbccphoto.org

SERVING THE SOUTH BAY SINCE 1944

Coffee Klatch

The SBCC Coffee Klatch gets together every second Wednesday of the month at Klatch Coffee, 306 S. Pacific Coast Hwy (at Torrance Blvd, sort of behind CVS and the seemingly endless road construction), Redondo Beach, CA 90277, from 9 a.m. to about noon, even when the club is dark. We have coffee, pastries, breakfast, etc. All are welcome. Any topics of discussion are welcome. Why, sometimes we even talk about photography.

Event Schedule

The next meeting will be on January 13th. All regular meetings are held at 7 PM at the Torrance Airport (Zamperini Field) Meeting Room, unless otherwise noted. Other events are scheduled as indicated. The second meeting will be on January 27th.

January Print Review

Mark Crase is an avid photographer with more than 30 years experience capturing images around the Southland, across the country, and around the world. He is a professional educator, and teaches our Intermediate series at Creative Photo Academy. Mark's great appreciation for the art of photography and for the work of the masters who have influenced it, are readily evident in the passion he shows for his work and his classroom presentations. He enjoys nothing more than sharing that passion with his students.

In addition to his teaching responsibilities, Mark serves as one of the educator-leaders for the Creative Photo Academy "Adventures and Night Photography" series, where he enjoys helping participants take the most advantage of the photographic opportunities these great locations have to offer. Upload your photos to the club website by Saturday, January 11, 2020 by midnight!

January Presentation

Steve Blinder will make a presentation on Drone Photography.

Tell us what's up

Is your photography exhibited at a show or other venue? Is there a contest going on that you think other club members would like to know about? Please let Don know at sanderdl@att.net to share this information with others.

Salton Sea Photography Workshop – January 19

The Desert Institute at Joshua Tree National Park is conducting a photography workshop. The Salton Sea, California's largest lake, was formed by accident in 1905 by an engineering mishap during irrigation of the Imperial Valley. Over time, it has been a hotbed for sports fishing, a recreational area boasting more visitors than Yosemite, and an important wetland for migratory birds. Currently the sea is lined with dead fish and is shrinking fast, and its decaying ruins, plentiful birdlife, intriguing off-the-grid culture, and gorgeous light have made it something of a Mecca for photographers. Sandi Wheaton has been traveling to the Salton Sea annually to document its constantly changing landscape and knows exactly where the great places are for interesting photographs. In this workshop, you will explore the east shores and discover inspiring art sites like Leonard Knight's Salvation Mountain (featured in the movie "Into the Wild") and East Jesus sculpture garden, as well as spend time capturing beautiful natural landscapes and seascapes along the southeast shores of the Salton Sea. Please note that the Salton Sea is constantly changing, and some of the iconic structures that have been popular to photograph are rapidly disappearing – but new great photo locations are revealing themselves as well! Additional information at <https://file.joshuatree.org/desert-institute/outline/2019/spring/20190202-salton-sea-photography-workshop.pdf>

Date/Time: Saturday, January 19, 2020, 9:00 am – sunset
