### [August Digital Review](#)

Nancy Lehrer, a street photographer, will be the reviewer for our August submittals.

Nancy's personal photography is "street", but she's a very capable and articulate image evaluator for all photographic genres with a keen knowledge of composition. She has been a very popular judge and speaker at local clubs and PSA Chapter Events and taken workshops with some of the most foremost photographers in the world. You can see some of her work at [www.inancyimages.com](http://www.inancyimages.com)

## **[SBCC Member Included in Art Show](#)**

The Bethel Woods Center for the Arts has included work by our past-president Linda Detwiler Burner in their show Earth In Focus: A Celebration of Our Dynamic Planet: Large-Scale Outdoor Photo Exhibition. Each year, the Center presents a diverse selection of culturally-rich performances, popular artists, and community and educational programming.

Located 90 miles from New York City at the site of the 1969 Woodstock festival in Bethel, NY, the lush 800-acre campus provides innovative, program-driven experiences for all ages at our 800-acre campus in the Sullivan Catskills of Upstate New York.
